Lesson 1: being a hacker - in the news. a hacker is not someone who posts to someone's account when they leave some social media page open or shoulder-surfs passwords and then logs into their account later. that's not hacking. a hacker also is not someone who downloads a script kiddie tool to break into someone's email. those aren't hackers; those are just thieves and vandals. **information brochure - littlehoneybees** - index page welcome to little honey bees p 1 our monthly activity calendar and newsletters p 1 school terms and working hours p 1
